

Our Vision

All women have choice and opportunity to live their lives in dignity, with equal access to economic and social opportunities, and freedom from violence.

Core Values and Beliefs

We are a feminist organization; our board, staff and volunteers believe that violence against women can be stopped. Our core values and beliefs guide our mission and are the roadmap towards achieving our vision.

Equality

Equality is not only important for women; it is good for all of us. Women's equality ensures a more peaceful and prosperous society for women, men and children. Inequality in the labour market, in policies, organizations, communities and families breeds exclusion and can lead to violence.

Advocacy

The movement towards equality requires social change. Women's Habitat is committed to identifying barriers to women's equality and advocating for change.

Safety

Women's Habitat strives to maintain a safe space, free from violence and discrimination. Personal safety is a fundamental right for everyone.

Accountability

We are passionate about our work, and value the trust placed in us by our clients and supporters. Women's Habitat is dedicated to sustainability as an organization, by ensuring that our resources are well invested and that our processes are cost efficient. We consistently measure and evaluate results based on outcomes. We hold ourselves accountable not only to our clients and to the communities we serve, but also to our supporters and to the public.

Diversity

We acknowledge the social, cultural and sexual uniqueness of each and every woman and the responsibility of social institutions and organizations to recognize the diverse and unique pathways of each individual towards greater equality.
